ENVIRONMENTAL POLICY STATEMENT

As a leader in award winning strategic foresight, management consulting, next generation technologies and world best practices in consulting, GBSH Consult Group continually strives to reduce the impacts that its activities, product and services have on the environment. Our global commitment to improving our environmental performance extends across our entire value and supply chain of goods and services.

At GBSH Consult Group, we strive to reduce waste generation and improving process efficiency to continually drive our improvement cycle. Environmental performance and continual improvement will be driven by:

- Implementing and maintaining an Environmental Management System that ensures environmental control and pollution prevention
- A commitment to comply with all legal and other requirements that pertain to GBSH Consult Group (Pty) Ltd
- Providing a frame work for setting and achieving environmental objectives and targets, with specific reference to improved resource efficiency and waste reduction across all business activities.

GBSH Consult Group realizes that protection of the environment is the responsibility of all GBSH Consult Group employees and consultants.

At the highest level, GBSH Consult Group remains committed to a management system that continually meets and exceeds environmental and quality performance criteria.
